

NABILAH ATHIRAH BINTI ABDUL RANI

Information Systems Graduate

019-9904230 | nabilah760131@gmail.com | Kuching, Sarawak

EXECUTIVE SUMMARY

Detail-oriented Information Systems graduate with hands-on experience in full-stack web application development, relational database design, and IT service desk operations. Proven ability to manage all phases of the software development life cycle (SDLC) — from business requirements gathering and system analysis to design, development, testing, and deployment. Skilled in API testing and automation using Postman and Newman, with practical exposure to backend frameworks including Spring Boot and Flask. Adept at troubleshooting software, hardware, and network issues, and experienced in producing clear technical documentation and user reports. Bilingual in English and Malay with strong analytical, problem-solving, and cross-functional collaboration skills.

EDUCATION

Bachelor of Information Science (Hons.) Information System Management **Mar 2024 - Mar 2026**
Universiti Teknologi MARA, Puncak Perdana, Shah Alam

- **CGPA: 3.50**
- Relevant Coursework: Database management | System Analysis & Design | Web Development

Diploma of Information Management **Oct 2021 - Feb 2024**
Universiti Teknologi MARA, Kampus Samarahan, Kuching Sarawak

- **CGPA: 3.57**
- Relevant Coursework: Data structures | Project Management | Web Design

Sijil Pelajaran Malaysia **Jan 2016 - Dec 2020**
Kolej Datu Patinggi Abang Haji Abdillah, Kuching, Sarawak

- Science Stream

SKILLS

- **Programming Languages:** PHP, JavaScript, HTML5, C++, Python, Java, SQL
- **API Testing & Automation:** Postman, Newman (CLI), REST & SOAP APIs, API Design, Data-Driven Testing, CI/CD Fundamentals
- **Backend Frameworks:** Spring Boot (Java), Flask (Python)
- **Tools & Software:** XAMPP, Visual Studio Code, Git, Figma, Microsoft Office Suite, Adobe Photoshop
- **Systems & Analysis:** SDLC, System Analysis & Design, Software Testing, Verification & Validation, Technical Documentation
- **Languages:** Malay | English
- **Core Personal Skills:** Leadership, Problem-Solving, Teamwork, Adaptability, Communication, Time Management

WORKING EXPERIENCE

ICT Digital Operations Intern **Sept 2025 - Feb 2026**
Sarawak Energy Berhad

- Provided Tier-1 technical support for software, hardware, and network issues, including resolving Wi-Fi connectivity and credential synchronisation problems.
- Diagnosed and resolved Microsoft 365 login issues (password resets, MFA complications, account lockouts), building a practical understanding of identity and access management (IAM) within an enterprise environment.
- Managed service requests and incidents through the OSSM ticketing platform, including peripheral provisioning and CMDB asset record updates.
- Participated in the full Software Development Life Cycle (SDLC) for AssetHub, from requirements gathering to deployment and support.
- Designed and developed a MySQL database to manage ICT assets, users, loan records, and audit logs.
- Developed Role-Based Access Control (RBAC) and integrated email notifications using PHPMailer.
- Performed system testing, troubleshooting, and bug fixes to ensure smooth system performance.
- Prepared technical documentation and user guides for system deployment, training, and maintenance.

ACADEMIC PROJECTS

AssetHub — ICT Asset Management System| Final Year Project

2026

- Developed a full-stack web application using PHP, MySQL, Bootstrap, HTML5, CSS3, and PHPMailer for Sarawak Energy Berhad's ICT Service Desk unit.
- Managed all phases of the project independently — requirements analysis, database design, UI/UX, back-end development, system testing, and live deployment.
- Delivered reporting features including asset monitoring dashboard, loan history tracking, and audit logging to support operational decision-making.

E-SCORE — College Room Reservation System | System Developer

2025

- Built a full-stack room reservation web application using PHP, MySQL, and XAMPP with real-time availability tracking, booking management, and user account administration.

Book Ordering & Booking System | Programmer

2025

- Developed a C++ console application applying object-oriented programming (OOP) principles including classes, inheritance, and file handling to manage orders and reservations.

Medical Clinic Database System | Database Designer

2024

- Designed a complete relational database in Microsoft Access covering patients, doctors, appointments, and billing, with automated forms and queries to streamline clinic operations and report generation.

Survey Data Analysis Project | Data Analyst

2024

- Analyzed survey data using SAS, applying statistical techniques to identify trends and patterns in the dataset.
- Delivered findings through a comprehensive report, interactive dashboard, and presentation to communicate insights to stakeholders.

LEADERSHIP EXPERIENCE

Project Manager | Innovation in Education and Teaching
Universiti Teknologi Mara

2023

- Led a team to develop "I-SEEK 1.0," a one-stop student resource website built on Google Sites to enhance students' learning experience, managing all phases of planning, design, and execution to ensure timely delivery.
- Received the Gold Award at the International Virtual Students' Business Idea & Product Innovation Competition (IVISBIPIC 2023).

Assistant Project Manager | Extension Services for Information Agency (IMD314)
Universiti Teknologi Mara

2024

- Coordinated and managed logistics for a community outreach project under the subject Extension Services for Information Agency (IMD314).
- Led a team in teaching digital design skills to orphans, focusing on Canva and other online creative tools.
- Contributed to planning, content development, and training sessions to enhance children's digital literacy and creativity.

CERTIFICATE

- Apply Postman APIs for Customer Data Management | EDUCBA (Coursera)
- 2026

ACHIEVEMENTS

- Dean's List Award — Degree Programme, Semester 3 & Semester 6 (2024-2026)
- Awarded Grade A (4.00) in both Industrial Training and Final Year Project (FYP).
- Gold Award — International Virtual Students' Business Idea & Product Innovation Competition (IVISBIPIC 2023)
- Dean's List Award — Diploma Programme, Semester 1, 2 & 4 (2021-2024)
